

## Chemistry Lab Reflection

Student Name: \_\_\_\_\_ Section: \_\_\_\_\_

Lab: \_\_\_\_\_

---

After completing your lab, reflect and answer the following:

1. Overview of the lab – What did you learn?
2. How did you learn it?
3. How would this relate to your everyday life?

Your answers should be neatly written in your lab notebook. Your lab notebook should be submitted to me no later than 3 days after completing your lab. The format is open and be sure to include the signed Honor Pledge on all your work.
